EXPERIENCE

4Media Marketing, Georgia,USA — Web Developer

june 2022 - june 2023

I worked with a Scrum team to design and develop custom e-commerce websites for various clients such as :

SongSlide , Valari , SUB2r , Pawgle , MVSE , ECOKIND and many more...

I have experience working with a variety of content management systems (CMS), including Wordpress and Shopify, as well as developing fully custom websites. In my previous role, I collaborated with UX/UI designers to create responsive designs for our clients. I specialized in the development and seamless integration of custom-coded sections with the Shopify platform.

Quality Assurance course

Sep 2021

Founder of EmbedUX

As the founder of Embed UX, I established a platform where entrepreneurs, programmers, and other customers can purchase customizable Shopify components and themes to simplify the process of creating a Shopify store. Our products are designed to cater to users without any programming skills or knowledge. We prioritize search engine optimization (SEO) in all our components to ensure that your Shopify website ranks higher on search engines such as Google.
